24th January 2018

Dear Colleague,

Please find enclosed WASPS exercise W01/18. All results of this exercise **must** be returned by **17:00; Wednesday 7th February**, results submitted after this time may not be included in the analysis.

The cumulative results sheet is available online at: <http://www.waspsqa.org.uk>

This may be downloaded as a Microsoft Word document, completed electronically and returned by electronic mail (wasps@wales.nhs.uk). The scheme would like to encourage all participating laboratories to return their results by electronic mail.

We would also like to take this opportunity to clarify that only individuals present in participating laboratories during the two-week period of an exercise are included in the participation rates reported to the scheme. Those individuals who are on leave for the entire duration of an exercise need not be included as possible participants.

Thank you for your help in this matter and for your continued participation and support of the scheme.

Yours sincerely,

Gareth Nottage
Scheme Manager
